The 2022 IEEE 2nd International Maghreb Meeting of the conference on Sciences and Techniques of Automatic control and computer engineering is an IEEE technically co-sponsored event devoted to exploring emerging challenges and new concepts related to all aspects of electrical and computer engineering. This meeting will be held during May 23-25, 2022 in Sabratha city, Libya. The MI-STA2022 is organized and sponsored by Sabratha University (Sabratha, Libya) and the Laboratory Lab-STA (Sfax, Tunisia). It is technically co-sponsored by IEEE Libya Sub-Section, IEEE Tunisia Section, IEEE Region 8, Libya AP/COM Joint chapter, Libya CS/SP joint chapter and Libya IE chapter.

MI-STA/2022 is intended to provide an international forum for those who wish to present their latest research results, innovative ideas, and experiences in the fields of Automatic Control Applications Mechatronics, Computer Engineering, Computer Technologies and Applications, Renewable Energy, Smart Grid, Signal Processing and Telecommunications. This conference will also provide the excellent opportunity to meet experts, exchange information, and strengthen the collaboration among researchers, engineers, and scholars from both academia and industry while enjoying the cultural heritage and natural beauty of Sabratha city, coupled with the friendliness of its people. The MI-STA/2022 technical program will have different types of sessions: plenary lectures (given by leading experts in the field), regular and invited sessions, tutorial sessions, and special sessions along with workshops and exhibit.

All accepted and presented papers will be published in conference proceedings and will be “submitted to IEEE Xplore® — the IEEE Digital Library” as IEEE reserves the right to not publish any proceedings that do not meet IEEE's quality standards. Authors of selected papers accepted for publication in MI-STA/2022 proceedings will be invited to submit an extended version of their papers to the conference related journals.

The format of the paper must be prepared according to the IEEE template (allotted 6 proceedings pages with the option to pay for the conference related journals. All manuscripts should be written in English and be in 2-column format. The authors are invited to submit the full version of their manuscripts online through the conference website MI-STA at: www.MISTA-CON.org
