The 2027 IEEE 6th International Maghreb Meeting of the conference on Sciences and Techniques of Automatic control and computer engineering (MI-STA 2027) is an IEEE technically co-sponsored event dedicated to addressing emerging challenges and exploring innovative concepts across all domains of electrical and computer engineering. This event will be held during April 25-27, 2027, in Al Bayda city, Libya. The MI-STA 2027 is organized and sponsored by Libyan Authority for Scientific Research and the Omar Al-Mukhtar University. The event is technically co-sponsored by the IEEE Libya Sub-Section, IEEE Tunisia Section, IEEE Region 8, the Libya AP/COM Joint Chapter, the Libya CS/SP Joint Chapter, and the Libya IES Chapter.

MI-STA 2027 offers a premier international platform for researchers, professionals, and scholars to present their latest findings, innovative concepts, and practical experiences across various fields, including Automatic Control Applications, Mechatronics, Computer Engineering, Artificial Intelligence, IoT, Computer Technologies, Renewable Energy, Smart Grids, Signal Processing, and Telecommunications. This conference serves as an excellent venue for networking, exchanging knowledge, and fostering collaborations between academia and industry. Attendees will also have the opportunity to experience the rich cultural heritage and natural beauty of Al Bayda, enhanced by the warmth and hospitality of its residents. The MI-STA 2027 technical program will feature a diverse range of sessions, including keynote lectures by renowned experts, regular and invited sessions, tutorial sessions, special sessions, workshops, and exhibitions.

Accepted papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements.

The format of the paper must be prepared according to the IEEE template (allotted 6 proceedings pages with the option to pay for up to 2 extra pages). All manuscripts should be written in English and be in 2-column format. The authors are invited to submit the full version of their manuscripts online through the conference website at: www.MISTA-CON.org
